

PRESENTATION SERIES & PARENT SUPPORT GROUP Summer 2021

In these uncharted territories as we transition back to school and life coming out of COVID-19, we wanted to take a moment to remind you of the amazing role that you continue to play in your child's life and the value of the home to school partnership while parenting a teen during turbulent times. With that said, we also acknowledge that teen anxiety and depression is on the rise, as their world as they know it has been on halt mode for over a year with new transitions on the horizon. In response, we would like to invite you to engage in a discussion about the current trends as we enter into the summer months of remote learning and the transition back to in person learning.

Dr. Rebecca Hawley, Tilden's Special Education and Admissions Director, will facilitate the group on the following dates, all sessions are from **6:30-7:30pm PST**:
